Good morning Agnes,

We would like to thank you and your entire staff for the kindness and excellent service we experienced during our stay at your hotel. We were particularly impressed by the way your staff went out of their way to assist us with all of our needs. We have travelled quite extensively over the years and as far as we are concerned the service provided by the Abbotsford are second to none. We look forward to our next visit to Scotland and will certainly be utilizing your services again. We will of coarse recommend your hotel to our friends and business associates.
